REDEFINING ETHNICITY

Vistruti, a bath linen brand, was founded by Sheetal Nanavati and Kalpana Narvekar, a dynamic duo with a shared passion for exquisite craftsmanship and timeless design. With backgrounds in marketing, finance and sales, we embarked on a journey to create a brand that celebrates the artistry of handcrafted bath linens. Driven by a commitment to quality, sustainability, and ethical sourcing, we collaborate with skilled artisans to bring our vision to life. We personally oversee every aspect of the creation process, from sourcing the finest materials to ensuring meticulous craftsmanship. Together, we strive to elevate your day with our thoughtfully curated collection. Each piece is infused with the warmth and character of handmade craftsmanship.
